

How it works:

Choose your services from the menu.

Your card on file is charged on the same day for the same amount every month.

No registration or termination fees- just let us know 10 days before your next billing cycle about any changes you'd like to make.

Details:

For weekly membership services, your account is credited with 48 sessions annually. This builds in 2 misses from you and 2 misses from your teacher. You will have a session each week regardless if the month has 4 or 5 weeks.

Membership is required for standing appointments. You can now have a standing registration for your favorite class, not just private lessons!

Rescheduling (outside the 24-hour window) is always welcome but not guaranteed. We are happy to see you in a different class or private lesson spot than normal if our schedule allows!

Our cancellation policy: If you cancel with less than 24-hours' notice or no show, the session is deducted from your account. Thank you for understanding that this policy is important to protecting the business side of Voltage, which allows us to be here as full-time professionals.

If your teacher misses more than their annual allowance of 2 cancellations, your account will be credited with the full value of each session missed beyond the 2.

Members receive a 20% discount on all add-on services, such as additional Pilates sessions, guest workshops, and infrared sauna sessions.

We reserve the right to judiciously offer a substitute teacher for group classes.

Please note that Voltage Pilates does not offer refunds.
